

Mobile Check In

Check in using your cell phone

Baptist Health Hardin now offers a new, improved way to check in for your appointment and/or testing at many of our locations. You can now check in using your cell phone with the Mobile Check In.

Simply check in from your car within a 400 yard radius and stay comfortable until contacted to come in for your appointment and/or testing. Once in the 400 yard radius, the location will show with a green check mark. Simply select the location and follow the steps within the app. It is that easy.

HIPAA Compliant

Privacy for both medical practice and patient are crucial to patient confidence. All information is encrypted.

Fast

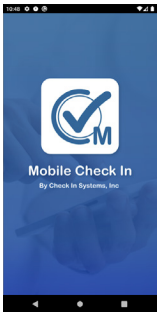

Patients use a pre-filled profile. One touch and they send all their information direct to your check in system.

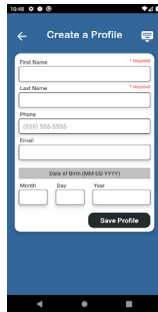

Touch Free

With Mobile Check In, patients use their own cell phone device and never have to touch a kiosk making them feel safer.
